

PETITION

Wilmington/New Hanover County Build-a-Pool Committee

We, the undersigned registered voters of Wilmington-New Hanover County, fully support the development and construction of a Class A, multi-functional year-round aquatic facility for the Wilmington-New Hanover County area.

As citizens of Wilmington-New Hanover County, we absolutely favor this initiative because a multi-functional year-round aquatic facility will increase local swimming capacity, provide greater year-round swimming opportunities for all citizens, offer opportunities for personal water safety education for people of all ages, promote better health and fitness to the population at-large, and will benefit the community both economically and socially. This year-round multi-functional facility will provide additional pool space for the currently overwhelmed and limited capacity facilities.
